

RESIDENTIAL PROJECTS

We believe every building has a right to look beautiful with an engineered aesthetic facade, while remaining sustainable & guaranteeing safety.

"BEAUTIFUL BUILDINGS
TRANSFORM CITIES"

COMPANY OVERVIEW

Aambianz is a leading manufacturer and supplier of Aluminium facades, Louvres and Sunshades in Australia with offices and factories, Nationally and internationally. We are a professionally managed, dynamic and result oriented company specialising in providing solutions to the building industry in the facades segment. Key areas focused by the organisation include Solid Aluminium Cladding (SAM), Louvres, Sunshades, Perforated Screens, Privacy Screens, Solid Aluminium Panels, Architectural Fencing and custom fabricated Aluminium Facade elements.

OUR HISTORY

Established in 2004, Aambianz is a dynamic result oriented Australian owned company specialising in design, planning and execution of external facade projects in the construction industry.

OUR CAPABILITIES

In our state of the art 5500m2 production facilities in Sydney Australia, our capabilities include CNC Routers, CNC Turret Punches, CNC Brake Press and other aluminium and steel working equipment.

We also have a division, specialising in Computer Aided Design and Building Information Modelling (BIM) and offer services to our clients in this area.

OUR PHILOSOPHY

Our philosophy is to establish a long term professional business partnership with our customers, which is built upon our high quality services and products.

OUR Factories:

NSW: Sydney

QLD: Brisbane

VIC: Melbourne
